

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of the Claims:

1.-16. (Cancelled)

17. (Currently Amended) A computer mouse comprising:

a base member of said computer mouse having hold regions;  
a top member pivotally coupled to said base member, said top member  
having a main surface configured to leave said hold regions substantially  
exposed;

wherein said top member forms an integral housing and button, and said  
button is activated when said top member pivots toward said base member; and

The computer mouse of claim 1 further comprising an adjuster coupled to  
said base member, said adjuster being adjustable to control a force required to  
push said top member.

18. (Currently Amended) A computer mouse comprising:

a first side ear;

a second side ear;

wherein said first and second side ears are concurrently graspable to lift  
the computer mouse while maintaining a button of the computer mouse in a  
depressed position, wherein said button is a top housing of the computer  
mouse; and

~~The computer mouse of claim 9 further comprising~~ an adjuster coupled to  
said first and second side ears, said adjuster being adjustable to control a force  
required to push said top housing.

19. (Currently Amended) A computer mouse comprising:

a base of said computer mouse having a first fixed portion and a second  
fixed portion;

a depressable housing coupled to said base such that said base is covered  
by said housing, wherein said housing forms a button that is activated when said  
housing is depressed;

wherein said first and second fixed portions are accessible through said  
depressable housing when said depressable housing is depressed; and

~~The computer mouse of claim 14 further comprising:~~

an adjuster coupled to said base, said adjuster being adjustable to control a  
force required to push said depressable housing.

20. (Cancelled)
